INDOCHINA - LOCAL TIP

Cambodia is a must to visit. There's a magic about this charming yet confounding kingdom that casts a spell on visitors. In Cambodia, ancient and modern worlds collide to create an authentic adventure. Cambodia is one of Asia's most magnificent early civilizations, the mighty Khmer empire of Angkor, whose legendary temples continue to provide a touchstone of national identity. Friendly people with smiling face, ancient temples, great food, authentic culture, amazing trekking and cycling tour.

In Vietnam, there's plenty of variety on offer: emerald paddy fields and white-sand beaches, full-tilt cities and venerable pagodas, limestone islands looming dramatically out of the sea, vast caves, craggy mountains, and friendly minority communities – with their elaborate tribal costumes and age-old customs.

In Laos, there is vivid nature, voluptuous landscapes and a vibrant culture collide with a painful past and optimistic future to make Laos an enigmatic experience for the adventurous. Authentic culture, friendly people, adventure trekking and hiking in jungle and on mountain, amazing authentic minorities, charming ancient town, boutique hotels are warmly welcome tourists.
