ETHIOPIA - LOCAL TIP

Ethiopia is a land of origins, such as origin of human kind, origin of coffee, home of the ark of the covenant and more. Ethiopia is the land of wonder and enchantment, a country with one of the richest histories on the African continent, a land of contrasts and surprise of remote and wild places, home to culture and many religious festivals and friendly people who are decended from some of the worlds oldest civilization. Ethiopia has so much to offer and is a must to be visited country.
